

## Tender specifications TRILOGY collection

Supply of Panaria Ceramica porcelain stoneware tiles for walls and floors.

### Product characteristics

Panaria Ceramica full body porcelain stoneware tiles, unglazed, composed of a very fine mixture of quality clay with the addition of feldspar, quartz and kaolin, manufactured by dry pressing of atomized powders and subsequently sintered by industrial firing at temperatures above 1200°C.

The complete vitrification of the tiles allows for a compact, non-absorbent, frost-proof product, resistant to bending, impacts, staining, chemical attack and thermal shock.

### Compliance with EN 14411-G / ISO 13006-G

The Trilogy collection is in compliance with the regulations required for first quality products in Italy and Europe UNI EN 14411-G and internationally through ISO 13006-G.

### Quality and environmental certifications

The conservation of the product characteristics is guaranteed by the Quality Management System put into practice by Panaria Ceramica in its plants and certified in accordance with UNI EN ISO 9001.

The collection is manufactured in plants with UNI EN ISO 14001 certified Environmental Management Systems (internationally recognized standard) and EMAS (Regulation 1221/09 - eco-management and audit community system).

The collection helps to meet the criteria for obtaining LEED credits. The content of "pre-consumer" recycled material is 40%, as certified by a qualified external body (LEED V4 Regulations - MR Credit). The product contains no VOC (volatile organic compounds). The Environmental Product Declaration (EPD) is available, this tool communicates clearly the environmental performances of the Trilogy collection based on its Life Cycle Assessment (LCA).

### Antibacterial properties

Thanks to Protect antibacterial technology, the tiles from the Trilogy collection have continuous, effective and durable protection against the proliferation of bacteria, tested and certified in accordance with ISO 22196 and ASTM E3031.

Commercial description of the product		
Company	PANARIA CERAMICA (Panariagroup Industrie Ceramiche S.p.A.)	
Collection	TRILOGY	
Colours	CALACATTA WHITE, ONYX LIGHT, MOON BEIGE, SAND GREY, SKY SMOKE	
Sizes	30X60cm SOFT	29X58cm LUX
	60X60cm SOFT	58X58cm LUX
	90X90cm SOFT (except ONYX LIGHT and SKY SMOKE)	88X88cm LUX (except ONYX LIGHT and SKY SMOKE)
	60X120cm SOFT	58X116cm LUX
Surfaces	SOFT (*) - Recommended for flooring in residential and low traffic commercial spaces.	
	LUX - Recommended, as well as for wall cladding, also for flooring in residential or light commercial areas that are not subjected to heavy traffic, where anti-slip characteristics are not required. The occasional presence of small inconsistencies or little spots on the surface is to be considered a characteristic of the material and of its unique production process. If the product is laid in direct contact with external environments, it is recommended to use protective solutions to reduce the formation of scratches.	
Edges	RECTIFIED (RECT)	
Thickness	10mm	

(\*) The antimicrobial protection is applied only in SOFT version.
